

Kelly Cockrell**Tech Integration Specialist**

Kelly had been busily minding her own business, nurturing her career as an information and web designer when, one day, she had an epiphany: the best way to live one's life is to spend it with kids. After proclaiming this truth, somehow, a month later, she was doing just that. Besides designing and proclaiming, Kelly has enjoyed working in the higher education sector as a webmaster, PC technician, and an adjunct member of college and university faculty. Kelly holds a B.A in Fine Arts from the University of New Mexico and an M.A. in Media Arts and Computer Science from New Mexico Highlands University. When not geeking out on computers, Kelly enjoys playing the piano, bicycling, camping, and learning more than she ever dreamed of from her son, Ryder.
