### MEETING THE COST

Rowland Hall's financial aid budget is \$1.5 million, and currently the school provides aid to 18 percent of students in grades K-12. Our school's financial aid awards are grants, not loans, and do not need to be repaid.

Financial aid is awarded based on a family's demonstrated financial need. To show need a family must complete the financial aid application. A portion of the application process includes completing the on-line or paper version of the Parent's Financial Statement (PFS) for both parents and submitting it to School and Student Services (SSS). SSS is the financial aid service within the National Association of Independent Schools (NAIS).

Secondly, the financial aid process requires a family to submit complete federal tax returns, W-2's, the SSS Business/Farm Statement, and the Rowland Hall Financial Aid Application for both parents.

Families should simultaneously complete admission application materials and financial aid application materials. Financial aid applications are due on March 1, as are applications for admission. Families who complete the financial aid application on or before March 1 will receive full consideration for financial aid. Late applications are accepted and considered after applications received by the deadline have been reviewed.

The financial aid committee and admission committees are separate. A family's demonstrated need will not impact the admission decision as students are admitted based on their academic and extracurricular qualifications. All inquiries, applications, and supporting documentation with regard to financial aid are held in confidence.

If you have questions about financial aid, please contact Lee Nuckoll's, the school's Director of Financial Aid at 801.924.5957 or email [leenuckolls@rowland.org](mailto:leenuckolls@rowland.org). Further information and the complete application can also be found at [www.rowlandhall.org](http://www.rowlandhall.org).
